# PLAN

On this page draw a sketch of the plumbing (not necessarily to scale), showing as nearly as possible the relative position of the fixtures. In elevation show the floor of the house, and upon which floor each fixture is placed. Specify the **length, size, weight or quality and grade** of all soil waste or ventilating pipes, and such other description as is not clearly set forth in the preceding list. Where available, blue prints showing pipe lines and arrangement of fixtures may be attached to and become part of this application if they afford sufficient definite information. **New pipe, fittings, and fixtures must be shown in BLACK. Old pipe, fittings, and fixtures must be shown in RED.**

If septic tank is used show elevation of tank in comparison to sea level.
